

# Words Over the Years About Our Facility / Church

## John Carney

- Increasing the presence of My Father's heart in you
- Increasing the discovery and acceptance of your identity
- Increasing the apostolic and prophetic nature of the house
- "Throughout a world dominated by Western thinking, I am offering My family the opportunity to take their place in this JUBILEE of Mine. This is My personal invitation to you as the leadership of Life Church: to establish you as a regional open heaven portal where My heart is experienced in intimacy; where truth is ministered in mercy; where identity is discovered, embraced, and expressed with passion through an apostolic/prophetic community that is equipping, maturing, and bringing My people to unity in an atmosphere of JUBILEE."

## Craig Oviatt

- During worship, I saw the sanctuary begin to fill with beautiful, warm turquoise water.
- As it rose higher, no one was afraid—they laughed, played, splashed, and rejoiced.
- The deeper the water grew, the brighter it became, lifting people to float with it.
- The water reached the ceiling, then broke through the doors, flowing down the streets and hills.
- Though water flowed outward, it never receded inside the sanctuary.
- People outside initially feared the water, but as it touched them, fear washed away, replaced by joy, smiles, and dancing.
- They waded into the turquoise river, and people inside began swimming out in twos, threes, and fours, embracing those they met, who then joined them in reaching out to others.
- The turquoise river flowed endlessly beyond sight, never stopping as it poured out from the sanctuary.

## Cindy Jacobs

- "You are going to RAISE UP GOVERNMENT LEADERS who will go into office and help change Oregon and the nations. The Lord calls this a 'SENDING CENTER.' You will go as the Ekklesia into the nations of the world."
- The Lord said, "You will start SHOOTING MISSIONARIES LIKE ARROWS into the nations—even the Middle East. I will use the ISAIAH 19 HIGHWAY—from Egypt to Assyria to Israel."

- "GET READY, because I'm going to bring you THE BEST OF THE BEST—My choice, JOHN THE BAPTISTS—who will be FORERUNNERS preparing the way for My coming," says the Lord.

- When we arrived, someone greeted us and showed us the facility.
- We entered at the far end of the building; near the hill we'd just driven up.
- Inside was a receptionist area and many people busily working on projects.
- From the reception area, I could see every room filled with people at desks and workstations, all engaged in mission-related projects and strategizing.
- Though the building seemed insignificant, it was actually a nerve center for extensive mission and evangelistic efforts.

### **John Mark Poole**

- As I pulled up the hill (we had spoken briefly before arriving), I looked at Sandy and said, "We're driving into a prophetic school, an apostolic school, a school of ministry and anointing that's transforming the culture of a city, region, state, and nation."
- We arrived at Mount Zion—the hill of God.

- The Lord will magnify the attraction here, and people will come from north, south, east, and west—even from foreign lands.
- God will raise up a ministering minstrel ministry—a School of Worship Ministry—reaching a new dimension touching the very heart of the Almighty.
- This ministry will change minds, revolutionize attitudes, release spirits in bondage, and set captives free.
- It will birth songs in the hearts of many—a fountainhead of praise from which many tributaries flow, drawing people from afar to drink deeply.
- The church's attractiveness will be because of ministry—God will bring more ministries like this.
- It will be a nurturing place, a training center, and a teaching house.
- As the Word increases, enlarges, and expands, worship will reach heights yet unheard.
- Heaven and earth will be linked as the songs of heaven are sung by the body of saints.
- A new dimension is dawning—one full of excitement and expectation.

- College Vision & the Nations: "In the dreams of one of the leaders is a college. They want to host the nations." A moment later, we were on College Drive. The Lord says to you: "Build the college, the nations will come." His promises are yes and amen. — 2 Corinthians 1:20
- Unused Buildings: I sensed that the buildings currently not being used will be significant for this school.
- For Life School: I feel depth—God is taking this school deep. There will be depth of character and depth in the Word. I see the Word coming alive through discussion in a very relational way.
- For the City of Salem: Grace is over the city. Grace will be seen, felt, and heard. I see the message of redemption being proclaimed in the streets. Salem is on the edge of the new—ready to step past the familiar and into the new.

## **Mike Herron**

- This church has a city that has not been taken... it's the lower building. Joshua, you have a city that needs to be taken. You are to develop a ministry school, a light, a place of training for children, for music ministry. This is the land He has given us, and we must possess it. Don, I prepared this place for you. The dream goes farther than the dreamer. This is not a deviation of the plan, but a bullseye of God's purpose.

## **Marc Cargill**

- Be Released! God has called you out of a time of limitation and released you into an open place. There are church planters you will send out that aren't even here yet. You'll be released to be not just a gathering church, but a sending church. This will be a house of healing. There's a healing anointing that will increase.

## **Russ Walden**

- Healing Ground and New Heaven/Earth: A thick cloud of God's presence covers the church grounds. The soil itself will be prophetic—people will take earth from there for healing. The church land will carry healing power similar to Peter's shadow in the New Testament. People will be healed of infirmities and blindness through this.
- Kingdom Announcement and Spiritual Battle: An angel will place one foot on the church grounds and one on the parking lot, declaring, "Come Kingdom!" A thunderous peal will sound all the way to the state capital. The spiritual battle is intensifying; Life Church is a key staging ground for victory. Even opposing groups like ANTIFA will be affected by the spiritual power flowing from the church.
- Final Charge: Be faithful to your calling. God's victory is assured, and you will not be disappointed.
